KALIHI CAMP TO HAVE SCHOOL

Kalihi camp hall was crowded with men, women and children last night at a meeting of the Kalihi and Palama-kai Improvement Club to which the Moyal and Supervisors, Lorrin Andrews, and J. C. Cohen had been invited. Parents brought their children to show the need for a school at that place. The club had secured the hall for a temporary school house, Superintendent Pope had promised a teacher in September and all that lacked was equipment to be provided by the Board of Supervisors.

W. K. Poal, president, was in the chair. John K. Kahuna, secretary, kept the minutes and S. M. Mahelona acted as interpreter.

Mr. Andrews congratulated the club on its splendid showing and useful service.

Supervisor Ahia of the ways and means committee, that has charge of the school promised his support in having the school furnished and gave a cheering speech generally which was warmly applauded.

Mr. Cohen was announced to speak on improvement clubs he had observed on the coast, which he did. Attributing much of the credit for the new San Francisco to the work of these bodies in the suburbs. Referring to the school matter he told the people not to accept any excuse of lack of money from the Supervisors, saying that if they had not funds to build school houses they should get the money—he did not say where or how. As a member of the Legislature he admitted that no provision was made for school houses at last session, money being provided instead to bring Russians here who were not wanted. Mr. Cohen announced his candidacy for the Senate and solicited the votes of the Kalihi people, promising to support provision for school houses so that a good building for Kalihi camp should be erected.

Supervisor Aylett kept the audience in good humor, shown by frequent laughter and applause, as he discussed school, roads and lights.

Chairman Logan of the ways and means committee on rising said he informed Mr. Mahelona when the latter gave him an oral invitation preceding the written one, that if the building was provided the Board would equip it with furniture. He then told the audience that if the proposal had been presented at the former meeting of the club he had attended, the ways and means committee would have had the furniture in before the road committees had begun the repairs on their road which he was glad to see now in progress. The speaker did not make any reference whatever to Road Supervisor Wilson as reported in the morning paper. Mr. Cohen's statement of the ability of the Board of Supervisors to erect school houses was characterized as nonsense. Mr. Cohen knowing well that the Legislature of which he was a member had discredited broken Hawaii's good record of nearly a century in refusing not only to vote a dollar for school buildings but also to empower the counties to raise funds for that purpose. In closing the speaker indulged in a little pleasantry regarding his two visits to the club which was well received.

Members of the club made short speeches, in which complaint was made of Mayor Fern's absence. At the end a hearty vote of thanks was tendered to the Supervisors for their presence and promises. The meeting was opened and closed with prayer and as it dispersed men, women and children came forward to shake hands with Messrs. Ahia and Logan, the only visitors who had remained to the close.

AT THE NOVELTY.

The Roosevelt picture still holds full sway at the Novelty Theater. Last night the house was packed. The film will be shown for the rest of the week, with a special matinee on Saturday.

The Howard sisters have new songs and dances and make a striking appearance in their pink costumes. They are a very clever team, and work excellently together, receiving a full share of the applause.

The rest of the pictures are all new, and special note is given to that of the Napoleon picture, in which, the exact location of the original scene, is given.

The program is excellent all through.

STOMACH INDIGESTION.

Peruna Strikes at the Root of the Trouble.

MR. S. J. MASSEY.

Mr. S. J. Massey, formerly a resident of Toronto, and a well-known business man, writes from 247 Guy street, Montreal, Quebec:

"I wish to testify to the good results I have derived from the use of Peruna. Having been troubled for several years with catarrh of the head, I decided to give Peruna a fair trial and I can truly say I have received great benefit from its use. It evidently strikes at the very root of the trouble and good results are soon noticeable."

"I have also found Peruna a very valuable remedy for stomach trouble and indigestion."

"I have no hesitancy whatever in recommending Peruna as a reliable catarrh remedy."

"There are several kinds of indigestion. The trouble may be due to sluggishness of the liver, derangement of the bowels, enlargement of the pancreas, or it may be due to the stomach itself."

In nearly all cases of stomach indigestion catarrh of the stomach is the cause. The only permanent relief is to remove the catarrh."

Peruna has become well-known the world over as a remedy in such cases."

FOOD EXPERT

DUNCAN DEAD

R. A. Duncan, food commissioner, died at the Queen's Hospital yesterday. He was married only a year or so ago. He was on duty up to the time he went to the hospital, afflicted with spinal meningitis.

Duncan succeeded Doctor Shorey as food commissioner.

The funeral arrangements have not yet been completed. There will be services at the Methodist Church, and the Masons will also hold services. Deceased leaves a wife and a mother.

Robert E. Duncan held a degree of Bachelor of Science from the University of California and had been the chemist in the laboratory of the Hawaiian Fertilizer Company for a year when he made application to the board of health on September 17, 1903 for the position of food commissioner.

After a competitive examination he was appointed to that position on October 1, 1903, succeeding E. S. Shorey, resigned.

In July 1907, Mr. Duncan was commissioned as federal chemist for the purposes of enforcement of the United States pure food law in the Territory.

S. S. ENTERPRISE CARRIES EXPLOSIVE

HILO, June 8.—According to advices received by Agent Ralph Daing, the Matson steamship Enterprise will hereafter take no more passengers on her trips from San Francisco to this port. This is owing to the fact that she will hereafter carry explosives and gasoline on these trips. Heretofore these articles have been handled by the sailing vessels, but of late these have been found to be inadequate to meet the demands of the traffic, and the Enterprise will relieve them. The Enterprise will continue to take passengers on her trips from Hilo to the Coast.
